

EDITORIAL

On behalf of the Editorial Board of the **International Journal of Speech and Language Pathology and Audiology**, I am very pleased to announce the launch of this journal and to welcome you to the inaugural issue.

The **International Journal of Speech and Language Pathology and Audiology** is a peer reviewed medical journal that publishes the most advanced and exciting research articles, reviews, guidelines and expert opinions with respect to the subjects of Speech and Language Pathology and Audiology. It provides a forum for the publication of the most-advanced and rigorous scientific research related to the basic science and clinical aspects of the auditory and vestibular and diseases of the ear and articles related to all areas of child or adult communicative disability or dysphasia. The journal aims to provide the most complete and reliable source of information on current developments in the aforementioned fields.

This inaugural issue consists of 5 interesting papers given internationally from various fields of speech, language and audiology. The Editorial Board wishes to thank the authors who submitted papers to the inaugural issue of the **International Journal of Speech and Language Pathology and Audiology**.

Finally, the Editorial Board hopes that the **International Journal of Speech and Language Pathology and Audiology** will serve the community of researchers and clinicians in this academic field well and the journal will be the main vehicle of presenting ideas and research work of them. Any suggestion on how to improve our activity in order to deliver a better journal to the authors, readers and subscribers of this journal will be always very much appreciated.
